

Marque, World in danger

Baby please don't say a word
You know I love you endlessly
But all the news I have heard
Became a part of you and me
Don't think I became a stranger
Or my love is not for real
I just feel the worlds in danger
If it's peace we just conceal
Television makes me suffer
And radio is pain
If we are one we should discover
That life's not just a game
Nothing compares to the love that we share
Whenever you need me you know I'll be there
The best friends of the devil came
To change the world we're living in
They lost their life and lose their game
Cause terrorism just can't win
Television makes me suffer
And radio is pain
If we are one we should discover
That life's not just a game
Nothing compares to the love that we share
Whenever you need me you know I'll be there
Cause terrorism just can't win 3x
