

Marques Houston, Alone

[Verse 1:]

Alone

Na na na na na

Alone

Na na na na na

I know (listen up)

Questions cloud my head with why

Tears on my pillow as I cry

Makes no sense for us too say goodbye

Impossible to hide this pain inside

Thinking bout the times we shared

Makes me wonder if you even cared

Contemplating should I let you go

Girl why'd you leave me

[Chorus: Marques Houston and Omarion]

(Alone)

I been seating here waiting

(By the phone)

Give anything to hear

(Your tone)

It was all my fault

(I know)

Now I just stand here

(Alone)

Still remember the day when everything

(Went wrong)

Try to think how it would be if you hadn't

(Gone)

Away, shoulda made you stay

(Now I just stand)

[Verse 2:]

Stormy nights and cloudy days

Can I fix it, what can I do, what can I say

Feels as if I'm stuck in a maze

With no way out I think I'm goin insane

So alone without you

Where'd you go I miss my baby boo

It's a shame cause I can't breath without you

Please come back girl

Cause I'm missing you

[Chorus: Marques Houston and Omarion]

Alone

I been seating here waiting

By the phone (by the phone)

Give anything to hear

Your tone (yeah, ohh ohh)

It was all my fault

I know (I know...I kno, kno, kno)

Now I just stand here

Alone

Still remember the day when everything

Went wrong

Try to think how it would be if you hadn't

Gone

Away, shoulda made you stay

Now I just stand

[Bridge:]

Why, why, why

You leave out of my life

Need you right here by my side

Why, why, why
Why oh why

[Chorus x2: Marques Houston and Omarion]

Alone

I been seating here waiting

By the phone (by the phone)

Give anything to hear

Your tone (give anything)

It was all my fault

I know

Now I just stand here

Alone

Still remember the day when everything

Went wrong

Try to think how it would be if you hadn't

Gone

Away, shoulda made you stay

Now I just stand (stand)
