

# Marques Houston, Veteran (Intro)

My name is Marques...Barrett...Houston.

My mommy's name is Carolyn and my daddy's name is Michael.

And my brother's name is Brandon and my sister is Danyelle.

I like Michael Jackson and Eddie Murphy.

And sometimes my grandmother Bebe comes over and she going to put me in a movie and we going to be stars.

Even when I was 2 I knew I'd be something. I thank God because without him none of this would be possible.

When I was 8 I was on my "Worst Behavior."

By the time I was 12 "Playtime Was Over."

When I was 14 I told the world "We Got It."

And at 16 I took you on my "Journey."

At 18 I introduced you to "IMX."

And at 20 IMX came to an end.

But then again every end has a new beginning.

At 21 that beginning gave birth to "MH."

At 23 MH got "Naked."

After millions of albums sold, hundreds of magazine covers, 3 years in a row making ya'll "Scared to Live."

From the beginning to now, I survived the rumors, the negativity, the drama, the break ups, the marriages, the deaths.  
I inspired the new generation of music.

So, now at 25 I think it is safe to say: That I Marques Houston am a "Veteran".
