

Marshmello x Imanbek, Too Much (Ft. Usher)

Break your silence
Obver my chest
Let it follow
And i'll do the rest

Kiss me
Kill me
I want nothing less
I am not afraid of the love
Unknown

Meet me at teh corner
I will be waiting for you
I can take the weight off
Weight off of your shoulder

I con;t care whathour
If the rain or shower
Whatever you ask of me
You don;t have to worry
