

# Marta Krupa, Thank You

I let you inside  
Took all that space  
I should've think twice  
Fix my mistake

Cause the first never stopped blowing up my phone  
And the second put me down  
Then the third made me cry cause I care a lot  
and the 4th oh my god

Gave you all I had  
Took advantage of me  
When I cared to much  
What a waste of time

Thank you for the stuff you've done (you've done)  
Sorry not sorry that you're gone (you're gone)  
Feeling better cause I'm on my own  
Not alone  
You ain't getting close

Thank you for the stuff you've done (you've done)  
Sorry not sorry that you're gone (you're gone)  
Feeling better cause I'm on my own  
Not alone  
You ain't getting close

I remember someone tells me I'm not enough  
But yet he still calls me up  
Nah nah I don't need your love  
Come over, grab your stuff

Flyin my girls out to Barcelona  
Hitting up the clubs and lose control ya  
Now you're gonna see what I haven't shown ya  
La vida loca

Gave you all I had  
Took advantage of me  
When I cared too much  
What a waste of time

Thank you for the stuff you've done (you've done)  
Sorry not sorry that you're gone (you're gone)  
Feeling better cause I'm on my own  
Not alone  
You ain't getting close

Thank you for the stuff you've done (you've done)  
Sorry not sorry that you're gone (you're gone)  
Feeling better cause I'm on my own  
Not alone  
You ain't getting close
