

Martin Garrix & Dean Lewis, Used To Love

walking through the door of this old and lonely
place that used to feel like us
remembering the only thing that made me
feel like I was worth the love

we used to hold hands
now I dance alone
we had Springsteen playing so loud
we danced in the dark till it felt like home
when you home was anywhere

but you will be left behind
give me a moment
I need just a little more time
if I could I would have made things right
but we can't go back to the way that we used to love

never apart you're still running through my blood
but we can't go back to the way that we used to love
we can't go back to the way that we used to love
we can't go back to the way that we used to love
we can't go back to the way that we used to
