

# Martin Garrix, High On Life (feat. Bonn)

killed the demons of my mind  
ever since you came around  
we are braver, running wild  
how could I have been so blind?

I just live a fast life  
forget about the past time  
I'm up to escape my feels  
and friendships only passed by  
the show and calling strobe lights  
with you I feel something real

and I'd walk a million miles just to see your smile  
till the day I die  
I need you by my side  
we'd get high on life  
till the day we die

high on life, till the day we die  
high on life, till the day we die  
high on life, till the day we die  
and I'd walk a million miles just to see your smile  
till the day I die

through my fingers, out of sight  
how could I have let you go?  
cutting corners, turning stones  
but I can only see your ghost

I just live a fast life  
forget about the past time  
I'm up to escape my feels  
and friendships only passed by  
the show and calling strobe lights  
with you I feel something real

and I'd walk a million miles just to see your smile  
till the day I die  
I need you by my side  
we'd get high on life  
till the day we die
