

Martin Garrix & Justin Mylo, Burn Out (feat. Dewa

flash far, I'm coming for you
you're gonna fill me like the summer
like the sun in your eyes
hold thigh, another minute
another hour, baby, imam' show you

you can rely on me
I'll give you all you need
in a small cloud, tryna find ground
in a place where we belong

we don't have to dream to make it beautiful
baby, everything we do is beautiful
we can light a fire
watch it ever glow

we won't burn out
we won't burn out

we won't burn out
we won't burn out

won't take a million dollars
for us to have a kind of love you only see in adream
wake up, cause now you're in it
I wanna show you all the magic in the air

and tonight is free
it will be all you need
in small cloud
tryna find ground
in a place when we belong

we don't have to dream to make it beautiful
baby, everything we do is beautiful
we can light a fire
watch it ever glow

we won't burn out
we won't burn out

we won't burn out
we won't burn out
flash far, I'm coming for you
you're gonna fill me like the summer
like the sun in your eyes
hold thigh, another minute
another hour, baby, imam' show you

you can rely on me
I'll give you all you need
in a small cloud, tryna find ground
in a place where we belong

I wanna show you all the magic in the air
