

Martin Jondo, Jah Gringo

Gringo said I'm Jah Jah gringo
said I'm Jah Jah gringo seh seh seh
I am a gringo of the army of the one ya name Jah
I am a soldier on the frontline and I talk 'bout love
I man rebel in the morning and a fox in the night
I wanna reach them blue true higher skys
I am a student read the bible and I read the qur'an
I read the gita know that sufis know the peaceful islam
they never wanna fight me or you so
respect is due to what the monks do and voodoo
come around the people and a holding you tight tonight night
with thousand sells and hocus pocus and with heavenly might
we gonna listen to this mother nature
giving us the light of life Jah
tell me who knows what is the truth
tell me who of them's not confused
tell me who ever seen the light
Jah light yeah
tell me who knows who is the brute
tell me who of them's just a dude
tell me who ever seen the light
Jah light yeah
gringo said I'm Jah Jah gringo
said I'm Jah Jah gringo seh seh seh
well it is cold like ice and heavy
to see the sun shining dark and shady
well it is cold like ice and silly
this earth is round so who could run away
pull down your cross pull down your razor circumcising is crime
pull down your sword the highest battle happens in your own mind
no ufos come to pick you up and rescue you it's a lie
no drug could make you up and let you fly up high in the sky
forget the bla bla 'bout the story who a came first
forget the bla bla 'bout the quarrel which book got the most worth
ain't it just dear that only humbleness and clear hearts work out
what all them battles for religion have been trampling down
reggae now reggae and Jah vibes
we gonna seed them out seed them out and seed them out here
we gonna big it up never dance low
dance to the max and never dance low no
gringo said I'm Jah Jah gringo
said I'm Jah Jah gringo seh seh seh
so me seh wake up

so me seh wake up
all my foes and me friends
so me seh wake up
all of my sisters
so me seh wake up
