

Martin Kesici, Leaving You For Me

Im sitting here alone, what else could I have done?
I cant regret cause I dont even know what I did wrong
Freedom died with you
Im searching for myself
I wanna feel alive
What about me?(echo)
Leaving you for me, (what about us)
Try to understand
That Im only leaving you for me
(Are you trying to hurt me?)
Demons in my head
They wont let go
Hiding from the truth
His strange trough his thoughts
I can go exploring every corner of his soul
Life has to go on
You'll still find your way
I wanna feel alive
(What about me)
Leaving you for me (what about us)
Try to understand
That Im only leaving you for me
(Are you trying to hurt me?)
Demons in my head
They wont let go
I've lock the door
Deep inside
Different memories
I've lock the door, deep inside,different stories...
What about you? What about me?
Leaving you for me (what about us?)
Try to understand
That Im only leaving you for me
(Are you trying to hurt me?)
Demons in my head
They wont let go
Leaving you for me (Leaving you for me....)
(what about us)
Try to understand (Try to understand)
That Im only leaving you for me
(Are you trying to hurt me?)
Demons in my head
They wont let go
Ooooooh....
Are you trying to hurt me?
