

# Martin Solveig, Roy Woods, Juliet & Romeo

worlds moving so slow  
got my hand out the window  
lose track of time and memory  
losing my mind in the palm trees  
got me belling you're so shy  
you'll catch my looking and you'll hide your eyes  
leaving behind your reality  
we can let go the formalities

you know we should be

dancing  
tell me that you wanna go  
dancing  
you and me in stereo  
dancing  
you and I we gotta keep  
dancing  
straight out in the afterglow  
dancing  
Juliet and Romeo  
Intoxicated, this us how we wanna be  
you and I we gotta in the afterglow  
don't top hiding  
don't top hiding

you know we should be

worlds moving so slow  
got my hand out the window  
lose track of time and memory  
losing my mins in the palm treess

dancing  
tell me that you wanna go  
dancing  
you and me in stereo  
dancing  
you and I we gotta keep  
dancing
