## Martina McBride, Ashes

Ashes He's nothing but ashes No feelings have lasted No love remains Ashes That's all that our past is He's nothing but ashes From a cold old flame I saw your face when He waltzed in here But those old embers Haven't burned for years The light that's shining In my eyes Is for the one that I'm with tonight Ashes He's nothing but ashes No feelings have lasted No love remains Ashes That's all that our past is He's nothing but ashes From a cold old flame No I don't blame you For having some doubts But when he left me That fire burned out So don't be thinking There's still a spark 'Cause he could never Tear us apart Ashes He's nothing but ashes No feelings have lasted No love remains Ashes That's all that our past is He's nothing but ashes From a cold old flame He's nothing but ashes From a cold old flame
