

Martina McBride, Be That Way

Every time I turn around
I run right into your pride
Sometimes I'm not so sure if I wanna
Know that guy, know that guy
'Cause you've got a rock hard head
Stubborn as a mule
Oh, yeah, and by the way, I still love you

Go on and be that way
Slam that door
Make a scene
Yell some more
Come on let's have it out
Have your say
'Cause with a love this strong
Baby it's okay
For you to be that way

Sometimes what you don't say
Can make the deepest cut
And I get my feelings hurt
And I just go nuts, well a little nuts
So try to ignore that girl
She's just blowin' off steam
Oh and I don't know about her
But I hope you say to me

Go on and be that way
Slam that door
Make a scene
Yell some more
Come on let's have it out
Have your say
'Cause with a love this strong
Baby it's okay
For you to be that way

Baby let's get emotional
What do you say we let it all go
Let it go

Go on and be that way
Slam that door
Make a scene
Yell some more
Come on let's have it out
Have your say
'Cause with a love this strong
Baby it's okay
For you to be that way

Be that way, oh yeah
