

# Martina McBride, Be That Way

Every time I turn around  
I run right into your pride  
Sometimes I'm not so sure if I wanna  
Know that guy, know that guy  
'Cause you've got a rock hard head  
Stubborn as a mule  
Oh, yeah, and by the way, I still love you

Go on and be that way  
Slam that door  
Make a scene  
Yell some more  
Come on let's have it out  
Have your say  
'Cause with a love this strong  
Baby it's okay  
For you to be that way

Sometimes what you don't say  
Can make the deepest cut  
And I get my feelings hurt  
And I just go nuts, well a little nuts  
So try to ignore that girl  
She's just blowin' off steam  
Oh and I don't know about her  
But I hope you say to me

Go on and be that way  
Slam that door  
Make a scene  
Yell some more  
Come on let's have it out  
Have your say  
'Cause with a love this strong  
Baby it's okay  
For you to be that way

Baby let's get emotional  
What do you say we let it all go  
Let it go

Go on and be that way  
Slam that door  
Make a scene  
Yell some more  
Come on let's have it out  
Have your say  
'Cause with a love this strong  
Baby it's okay  
For you to be that way

Be that way, oh yeah
