

Martina McBride, I Ain't Goin' Nowhere

When the world is on your shoulders
Just too much to bear
Boy my love can make you stronger
I ain't goin' nowhere
When you're followin' all the rules
But life just will not play fair
Come to me and we'll roll with the punches
I ain't goin' nowhere

By your side by your side day and night
I will be always
There's a place in my heart in my heart
Just for you always
I ain't goin' nowhere
I ain't goin' nowhere

I can't guarantee that your dreams
Won't fade into thin air
But as sure as I'm livin' breathin'
I ain't goin' nowhere

By your side by your side day and night
I will be always
There's a place in my heart in my heart
Just for you always
I ain't goin' nowhere
I ain't goin' nowhere

But straight to you
No one else will do
My love will shine right through your rain
I will lift you up I will lift you up

I ain't goin' nowhere
I ain't goin' nowhere
I ain't goin' nowhere
I ain't goin' nowhere
