Martine McCutcheon, This Is My Moment

This is my moment This is my perfect moment with you This is what God meant This is my perfect moment with you

I wish I could freeze this space in time The way I feel for you inside

This is my moment This is my perfect moment with you

Tell me you love me when you leave You're more than a shadow, that's what I believe You take me to places I never dreamed I'd see Minute by minute you are the world to me

I wish I could frame the look in your eyes The way that for you inside

This is my moment This is my perfect moment with you

And if tomorrow brings a lonely day Here and now I know I haven't lived in vain I'll cry my tears in the rain and if love never comes again I can always say I've been to paradise skies in your eyes... in your eyes

So tell me you love me the moment you leave You're more than a shadow, I've just to believe

I wish I could keep you all of my life The way that I feel for you inside This is my moment This is my perfect moment with you This is my perfect moment This is my perfect moment With you, with you..
