

Marty Robbins, All I Want To Do

All I wanna do is make sweet love to you
Hold you next to me and love you all night long

There's not a minute that you're not on my mind
You're a gift from God
A love like yours is so hard to find
I know where you're comin' from
When you tell me I'm the only one
It's a once in a lifetime love affair

All I wanna do is make sweet love to you
Hold you next to me and love you all night long

It's not like me to fall
But it happened when I heard love call
I fell head over heels in love with you

All I wanna do is make sweet love to you
Hold you next to me and love you all night long
Hold you next to me and love you all night long
