

# Marty Robbins, But Only On My Dreams

I have held you in my arms I have known your sweetest charms  
Two hearts in love at least that's how it seems but only in my dreams  
Though my days are often blue nights are always spent with you  
There I know your love is really true but only in my dreams  
I have dreamed a dream that I couldn't have in love just to have you for my own  
I have known what life is for rich and gay with for reward  
All that I could ever ask and more but only in my dreams  
I have dreamed a dream...
