

Marty Robbins, Christmas Is For Kids

May the children of the world, every boy and every girl
Have a bigger and better Christmas day
For they all need a part in somebody's heart
Since Christmas is for kids, anyway

Christmas is for kids, anyway (anyway)
You hear this expression every day
May the ones, far and near, have a family this year
Since Christmas is for kids, anyway

May we all look around for a child who's been let down
And love him as we would be loved
And regardless of his need may somebody take heed
Since Christmas is for kids, anyway

Christmas is for kids, anyway (anyway)
You hear this expression every day
May the ones, far and near, have a family this year
Since Christmas is for kids, anyway
