

# Marty Robbins, Crawlin' On My Knees

Is there anything that I can do  
To bring you back to me again  
If there's anything you want from me  
Tell me what, tell me when  
I've done everything a man can do  
How many time have I said please  
Ya got me down, go on and kick me  
Ya got me crawlin' on my knees

If there's somethin' I can do to prove  
Beyond a doubt my love's sincere  
Is hate so strong you're overlookin'  
Eyes that's filled with love and tears  
Is this really how you want it  
And if it puts your heart at ease  
Ya got me down, go on and kick me  
Ya got me crawlin' on my knees  
On my knees
