

# Marty Robbins, Falling Out Of Love

When your baby says goodbye  
And make you feel like you wanna die  
That's the real beginnin' of  
Someone fallin' out of love

When your baby goes away  
Makes you lonely both night and day  
That's the real beginnin' of  
Someone fallin' out of love

Oh, I've been through it  
Really I'm no stranger to it  
And I've been around a while  
I know how to fake a smile

I even had the look  
To hide all the tears that burn  
But I lost  
But I lost  
But I lost

When a kiss don't last too long  
Then, for certain, somethin's wrong  
Could be the real beginnin' of  
Someone fallin' out of love  
Someone's fallin' out of love
