

# Marty Robbins, God Understands

God understands, he knows all about us  
He knows of our hopes, he knows of our plans  
He's willing to help if we will but follow  
He knows all about us, God understands

I walk with the Lord in sunshine and darkness  
I cannot forsake his word and command  
Temptation is great, his love is still greater  
He knows all about us, God understands

I know of his love, I know all it's meaning  
I know of the power he's given to man  
Without faith in God my life would be worthless  
He knows all about us, God understands

When trouble appears and life has no meaning  
Be washed and be cleansed in the blood of the Lamb  
He's trusted and tried so cast him your worries  
He knows all about us, God understands
