

Marty Robbins, In The Ashes Of An Old Love

In The Ashes Of An Old Love Affair

In the ashes of an old love
I found a spark burning yet
As I watched it, I kept thinking
I could never forget
An old love that didn't last
I saw a future just like my past
In the ashes of an old love affair

Than a spark grows and gave light
to a world of romance
and it thrilled me, to think
there could still be a chance
In a small burning ember
I saw love burning bright
In the ashes of an old love affair

That a spark grows and gave light
to a world of romance
and it thrilled me, to think
there could still be a chance
In a small burning ember
I saw love burning bright
In the ashes of an old love affair
