

# Marty Robbins, She Means Nothing To Me Now

Go ahead and call her if you want to  
She and I aren't tied by any vow  
Just do as you please if it puts your mind at ease  
She means nothin' to me now

I confess that she used to be my baby  
But we just couldn't get along, somehow  
So go on and make your call, it won't bother me at all  
'Cause she means nothin' to me now

The only time I ever think about her  
Is when I'm alone or with somebody else  
I make believe that I can live without her  
But I'm not foolin' no one but myself

I know the masquerade won't last forever  
But I'll act as long as my heart will allow  
I'm just lyin' when I say, for in every scene I play  
She means nothin' to me now
