

Marty Robbins, She's Made Of Faith

Well I'm just a man, I'm weak in some ways
Sometimes I find it hard to find the strength
To make it through the day
But I've got a woman who carries me on
She gives me part of her faith
When all of my faith is gone

She's made of faith
She's taller than the mountains
Stronger than the strongest ship that sails the sea
Her faith is strong
Like an overflowing fountain
And when I need it most it overflows on me

She picks me up when life puts me down
Being the woman she is, I know she's strong enough
For me to lean upon
But sometimes it's hard to face a new day
When she looks at me and smiles I know
I've found a way

She's made of faith
She's taller than the mountains
Stronger than the strongest ship that sails the sea
Her faith is strong
Like an overflowing fountain
And when I need it most it overflows on me
And when I need it most it overflows on me
