

# Martyr A.d., American Hollow

You're a tragedy with a tongue  
You're the last ditch effort at nothing  
Sit down and strap yourself tight  
I'll blow you away  
I'm your suicide, I'am your homicide  
I know where you hide'cuz I'am you inside  
I know how and why to hurt you  
I'll never leave you  
I know why your life is empty  
I know why you'll always stay  
You're sickened mouth of depravity  
You're herpetetic limbless and fake  
The last ignorant pacifist  
I'll blow you away  
I know how you've been so "wrangled"  
And how how the world is your enemy  
How they kicked you down, how they left you  
I'll never leave you  
I know why your life is empty  
I know why you'll always stay  
I am the reason you're always bleeding  
I know why you'll always stay  
Hollow  
I am inside of you  
I know why your life is empty  
I know why you'll always stay  
I am the reason you're always bleeding  
I know why you'll always stay  
I am inside of you
