

Marvelous 3, Aim For The Heart

(b. walker, j. harte, d. warren, d. child)

On my own I never felt so alone.
And the streets are the only place I can call home.
Where's my dream?
What's it mean to me now?
What's it mean when you're down for the count?
You gotta get up and keep on fighting.

Aim for the heart,
It's your life and you only live one time.
Aim for the heart,
And you get what you need.
It's a shot in the dark.
Make it count cus' it might just be your last chance.
You only got one shot,
Baby aim for the heart.

Time goes by and you ain't getting' no where.
It makes you wonder why you're trying at all.
But in your soul, you can still feel the fire.
You can still find your way through the night.

All you gotta do is keep on dreaming.

Aim for the heart.
It's you're life and you only live one time.
Aim for the heart,
And you get what you need.
It's a shot in the dark.
Make it count cus' it might just be your last chance.
You only got one shot.
Baby aim for the heart.

When you're losing faith and you feel you can't go on.
Look inside and you're gonna find the strength to make you strong.

Aim for the heart.
It's your life and you only live one time.
Aim for the heart,
And you get what you need.
It's a shot in the dark,
Make it count cus' it might just you're last chance.
You only got one shot.
Baby aim for the heart.
