

# Marvelous 3, Until You See

You traded all your tears  
so I could see a happy face  
You sat all alone and read  
the writing on the wall  
You broke your heart  
and banged your cool up  
as you fell from grace  
You should've hung the net  
before you took the fall

The lines are pretty long here,  
but you'll stand here anyway

Chorus:  
Until you see this ain't going over  
There's nothing left to show for  
Till you see  
Time ain't gonna make up  
for the times you'd never wake up for me

I watched you build a castle  
on the beach one rainy day  
I saw it fall apart and roll out with the tide  
I think there's something metaphoric  
that I'm trying to say  
Open up your soap box  
and just crawl inside  
The lights are on but no ones home  
Stand there in the dark

Chorus
