

Marvin Gaye, Everybody Needs Love

See those flowers, they need love
See the bluebirds, they need love
See the babies, they need love
All God's children, oh need love

See your mother, she needs love
And my father, he needs love
That's true baby, and I need love too

See those raindrops, rivers - they need love
and the mountains and the valleys, they need love
God forgive us, and send us more love from above
Don't find good love every day
We ought to think before we throw good love away

Doesn't matter what you are
A thief or a beggar or even a superstar
As long as you were made by God above
Oh, I know, I know
You need love
We need love

Oh baby (oh, I need love, I need your love)
I'm standing here (Oh baby, standing in the need)
of love (I need love)
I need it, I got to have it baby
Oh can't you see that I'm standing in the need

I'm still here cause I need love
I'm still with you dear
cause I need your love
and I know, oh yes I know
Though you feel you don't need loving
(We need love, we need love)
You still need loving too
Oh yes you do

(It don't matter, It don't matter)
No, it doesn't matter what you are
A thief or a beggar or a superstar
As long as the Lord made you from above
I know, I know
You were made for love
(Cause love is what you need
and understanding)
Oh, understanding

You were made for love
Sweet understanding
You were made for love
Why can't we see
Why does it have to be so hard today
for us to see the real
Why can't we see
We were made from love
You were made from love
I'm talking about love
The real thing
You were made of love
By love, from love, baby

Right
What's the only thing that's gonna get us together
Love's the only thing that's gonna make this cold-blooded world alright

What are we talkin' about?
Love, love, love, love
Oh baby
What is this we're singing about?
For the love of Jesus, let's do it
Sweet love

I need a whole lot of love, sugar
I need a whole lot of sweet love
It's a fact
Even the slime in the sea needs love (who)
All of the folks in jail need love (who)
Even a mean old man needs love
Why can't you understand
