

Marvin Gaye, Time To Get Together

Time...Time...

Jesus said time would heal ALL WOUNDS

Time...Time...Time...Time

But we have to live right to get the time

Time...Time...Time...Time

Time...Time...Time...Time

Please, Time, you got to be a friend of mine

Sometimes I am unable to move

I let temptation get me off of my groove

Sometimes I get it

Sometimes it's hard

To stay with it

But right now, get it, gotta get it, get it

Got to stay with it

Makin' up my mind, yeah

Gonna get it together

Gonna love every day every night till I get it

All right

Pretty good lovin', oh

Get it together

Gonna love every day every night till I get it

All right -- good lovin', oh

Gonna get it together

Gonna love every day every night till I get it

All right -- good love

Gonna get it together

Gonna love every day every night till I get it

All right, baby

Gonna get it together

Gonna love every day every night till I get it

All right

(Tick tock tick tock tick tock tick tock --
My life's a clock and it's winding down)

I've been racing against time

Trying my best to find my way

Change our world in just one day

Blowin' coke all up my nose

Gettin' in and out my clothes

Foolin' 'round with midnight ho's

But that chapter of life's closed

From the day you're born

Till the day you're in the ground

I've been racing against time

Trying my best to find my way

Change our world in just one day

Blowin' coke all up my nose

Gettin' in and out my clothes

Foolin' 'round with midnight ho's

But that chapter of life's closed

From the day you're born

Till the day you're in the ground
