

Mary Chapin Carpenter, Right Now

(Al Lewis/Sylvester Bradford)

I'm all alone so come on over baby
Right now right now
I'm all alone so come on over baby
Right now right now
Oh don't make em wait child don't you hesitate
C'mon along c'mon along

I want to dance I need romance baby
Right now right now
I want to dance I need romance baby
Right now right now
Oh don't let me down child don't you mess around

Let's think of something to do and let's do it
Let's think of somewhere to go let's go
And when you put your lovin' arms around me
Oh you know how I love you so

I need a thrill say you will baby
Right now right now
I need a thrill say you will baby
Right now right now
Oh don't let me down child don't you mess around
C'mon along c'mon along
