Uh, uh

Yes yes yes yes yes yes

Fresh- from the L.O.N.S. Family tree in 1992

This is Busta Rhymes, spelled with an A

As i will carry you on a journey

Of overwhelming, listening pleasure

Hip hop oriented essence

Somethin real emotion like

You know

That little emotional thing that i just like to feel

Like pop shit, the shit, thats like real raw deal

Like this, you know what i'm sayin?

I gotta BURST like u kno its like

It just gets me into one of them moods

When im like um like um

HEY Busta rhymes be rippin it

You kno that i be flippin it

Every time i relax. i'd be shittin on it

Alright alright alright, chill chill

Relax, and imma slow down

And imma carry on with what im supposed to be dealin with here

[clears throat]

Anyway its like this

It is now the time that you face the certified quality

In musical, spiritual, DEFINANTLY physical

So just chill, you know what I'm sayin,

And relax, like, a little bit, and just capture

The complete emotional

Of Mary J Blige

If you think im bullshittin

(ladies and gentlemen are you ready?)

Then stay tuned and relax and listen

Cause you about to see in a split second

So just chill, like check it out cause im gonna

Wild and do it like this and like that

I flip on a rhyme showin you that busta rhymes be wildin

AHHHAHAHAHA (hahaha)
