Mary J. Blige, It's On

[Chorus] And it's on, and it's on, and it's on, and it's on, And it's on tonight It's about time that we met And it's about time a love I won't forget [repeat] [Vs.1] [R. Kelly:] For so long I've waited for the chance To be with you And to lie with you baby In my dreams I take you by the hand In our house on the beach Making love on jet black sand [Bridge:] Baby finally the time Has come for us to share The joy that we will need And nothing can compare [Chorus] [Vs.2] [Mary J:] I waited all my life Boy for you to come along And make that joyful sacrifice Two kids, a dog, and a home Is like a dream come to life When I look into your dazing eyes [Bridge] [Chorus] All my life I've waited To get next to you You, baby you And every night I've prayed Your love would come my way And finally the time Has come for us to be lovers [Chorus]
