Mary J. Blige, We Ride (I See The Future)

[Intro:]

Just can't help it I love my hun All that I need And all that I want Said I Just can't help it I love my hun All that I need And all that I want [1st Verse:] Everybody asking "Why Mary ai It seems Like a question That I've already ar Like too many Times before Now ladies If you got a man And he treat

" Why Mary ain't mad no more?" It seems Like a question That I've already answered Like too many Times before Now ladies If you got a man And he treat You real good Ain't you gon' flex Every chance That you get Now ain't you gonna Love him Just like you should Especially when you Never thought You would Yeah Oh you know That I'm All into the feeling And I never Look to lose it Oh for sho' This is consistent With you I find a rhythm [Hook:] From the day To the night We ride We ride We ride Hey How you Like it How you Like it I see The future baby You and I Better with time

And it is What it is And I Just can't help it And I felt What I felt No I just can't help it I see the future, baby Me and you That's how we do [2nd Verse:] I got a song In my heart That's all That I need I sing it A capella I sing it To the beat What we are Is classic You know it Because your Attitude shows it Now fellas If you got a girl And she treats You right Ain't you gonna spend Every dollar, every cent Eh Ain't you gonna make sure She stay fly Especially when She's reppin' You for life [Hook:] From the day To the night We ride We ride We ride Hey Now how you Like it How you Like it now I see The future baby You and I Better with time And it is What it is And I Just can't help it And I felt What I felt And you know I just can't help it

Me and you That's how we do [Bridge:] You are mine I told you before I wouldn't lie I need you And more Gotta stay With you I am safe With you Let me Repeat it In case you forgot Love is a mountain And we're At the top Yeah Breath and strength Cause I see The future in your eyes [Hook:] From the day To the night We ride We ride We ride How you Like it How you Like it, baby I see The future baby You and I Better with time And it is What it is And I Just can't help it And I felt What I felt And you know I just can't help it I see the future, baby Me and you That's how we do From the day To the night We ride We ride We ride Now how you Like it How you Like it Yeah, yeah, yeah

I see the future, baby

I see The future baby You and I Better with time And it is What it is And I Just can't help it And I felt What I felt And you know I just can't help it I see the future, baby Me and you That's how we do [Outro:] Just can't help it I love my hun (And we ride) All that I need And all that I want Said I Just can't help it I love my hun (And we ride) All that I need And all that I want From the day

'Till the night We ride We ride
