

Mary Komasa, Degenerate Love

there's no heaven for us
we have only this moment
our future is no bright
what's left is no hope

we live for no tomorrow
we have lost for love
we found ways to be different
there's no heaven for us

generations
destiny
is the Degenerate Love
generations
destiny
is the Degenerate Love

there's heaven for us
we have more than this moment
our future is so bright
what's left is our love

generations
destiny
is the Degenerate Love
generations
destiny
is the Degenerate Love

the Degenerate Love
the Degenerate Love
the Degenerate Love
the Degenerate Love
