

Mary McBride, No One's Gonna Love You Like Me

No ones gonna love you like me
No one else, cant you see?
No ones gonna love you like me
No one, no one.
No one else, cant you see?
No ones gonna love you like me
No one, no one.
I know sometimes you felt so lonely
I know you felt so sad and blue
But this time, you know Im the only
Love for you thats coming through
With everything I say and do
No ones gonna love you like me
No one, no one.
I know sometimes you felt so lonely
I know you felt so sad and blue
But this time, you know Im the only
Love for you thats coming through
With everything I say and do
No ones gonna love you like me
No one, no one.
No one, no one.
