

Marya Roxx, Rebel

Forget the world youre on tonight
And leave your troubles all behind
Tease the crowd and bring them on their knees
And use them the way you please
So fuck the world Im here to stay
Nothing will ever be the same

[Chorus]

Crazywild, but too young to die
Singin sleazy tunes all night long
Trashed some old guitar
Played til fingers numb
And we cannot wait to party till the dawn
Crazywild but too young to die
Playn rocknroll till we fall
Trashed some old guitar played til fingers numb
Let us sing our songs
Til were too damn old
Fuck the sound, I can not play
Who cares, what the others say
Screamin till your throat is sore
N leave the people wanting more
I feel at home, sweating on the stage.
Performing, playing, singing with rage

[Chorus]

Crazywild, but too young to die
Singin slazy tunes all night long
Trashed some old guitar
Played til fingers numb
And we cannot wait to party till the dawn
Crazywild but too young to die
Playn rocknroll till we fall
Trashed some old guitar played til fingers numb
Let us sing our songs
Til were too damn old
If you try to tame me , stay out of my way
I dont need youre money
I spit on your fame and fuck the glory
Its not my game
I am me and thats who I will remain

[Chorus]

Crazywild, but too young to die
Singin sleazy tunes all night long
Trashed some old guitar
Played til fingers numb
And we cannot wait to party till the dawn
Crazywild but too young to die
Playn rocknroll till we fall
Trashed some old guitar played til fingers numb
Let us sing our songs
Til were too damn old
