

Masala Sound System, As One

Instead of love dem only promote hate
Dem waan nuh see us livin' as one
How far we are from understandin'
We're all undivided mankind
It seems we loose the balance
On our path to the paradise
Nation, religion are only words
Tell me why in their name do we die
(I say)
Whether you are muslim or christian
Whether buddist or protestant
There's one thing you should always remember
I am yours and you are mine
Brother, sister, father and mother
You're my daughter and i'm your son
So tell me why we hurt one another
How come we nuh live as one
Whether you are hindu or rasta
Whether juew or anglican
There's one thing you should always remember
I am yours and you are mine
Brother, sister, father and mother
You're my daughter and i'm your son
So tell me why we hurt one another
How come we nuh live as one
Instead of love dem only promote hate
Dem waan nuh see us livin' as one
How far we are from understandin'
We're all undivided mankind
It seems we loose the balance
On our path to the paradise
Nation, religion are only words
Tell me why in their name do we die
(I say)
