

# Master Blaster, The One (Back In Your Arms)

The time is night  
And we fight against  
The lonely darkness  
Now I'm the one  
Who chase your fear away  
No more goodbyes  
There ain't nothing  
Gonna take my heart away  
And I remember  
All the time we had  
Tears in your ice  
I'm a victim of your love  
And you can read my mind (read my mind)  
I wonedr why  
But this dream  
Will be forever  
Until we fly  
Until we fly  
Back in your arms - I wanna lay my body  
Back in your arms  
Back in your arms - I wanna touch your body  
Back in your arms (4x)  
Back in your arms  
Trust in your heart  
'cause the answer  
Is a simple story  
Take my hand  
And I show you the wonderland  
No more goodbyes  
There ain't nothing  
Gonna take my heart away  
And I remember  
All the time we had  
Tears in your ice  
I'm a victim of your love  
And you can read my mind (read my mind)  
I wonedr why  
But this dream  
Will be forever  
Until we fly  
Until we fly  
Back in your arms - I wanna lay my body  
Back in your arms  
Back in your arms - I wanna touch your body  
Back in your arms (4x)  
Back in your arms (2x)
