

Master P, Ooooh Weeee

[Master P]
Weebie! Holla at me (c'mon)

[Chorus One 2X: Weebie]

The way she make it twerk and grab the wall - OOOHHHWEE!
Oh, baby you know whatchu doin - OOOHHHWEE!
No Limit got the steps bouncin and movin - OOOHHHWEE!

[Master P]
I know a big girl, with a ironed skirt
Give her couple dollars, she'll make it work
I mean holla at me whoadie, you know I'm too large
My fantasy's to have sex wit two broads
On a boat or a plane or exotic cars
From my Bentley to a Lexus, girl bring the toys
On the dancefloor shawty started takin it off
Took her to the V.I.P., started breakin me off
Said she knew I was a balla by my iced out wrists
I told her "Wait, it don't stop, keep bringin the Cris"
I'm a country boy just like the Dukes of Hazard
See a fine chick, you know I'm gon' grab her
Ellie May girl where you at?
This No Limit boy tryin to do that dance
I said "Rock the boat, don't let it sank"
It's time to go to war, I got the tank

[Chorus One]

[Master P] Say that then

[Weebie]
I could work, put ya body, c'mon back it up, back it up
You know Weebie and Master P, we gon' tank it up, tank it up
Turn around to the ground, you know how it goes
Touch the floor, tippie-toe, come and wobble some mo'
Now you know how I do it so don't act surprised
For a fact gotchu dancin 'til you hurtin your thighs
Now won'tcha tune it up and wobble wit it
Act a fool and wobble wit it
Won'tcha make it hustle, ooh baby don't pull a muscle
Gotcha workin on the wall 'til you run outta breath
No Limit like I told ya so y'all give us respect
Now you could shake it like a dog, break my f***in balls
Do it how ya do it, lemme see ya take it off

[Chorus One]

[Chorus Two: Weebie]
Now won'tcha rock, rock on, rock, rock on, rock, rock on
Rock, rock on, rock, rock on, rock, rock on, rock, rock on, rock
Now won'tcha turn around and hustle wit it
Back it up and hustle wit it, touch the ground and hustle wit it
Ooh baby ooh baby

[Master P]
Mary had a big ol' butt them tightest jeans 4 sho
And every club that Mary was at then thugs was sure to go
That mean she had the bo-legged wit the curves just like a bottle
Project chick but pretty just like a model
Find her rollin through the hood she loved thugs
Don't mind gettin paid for shakin her thang in the club

I mean, beat bopper she loved the tote shoppers
Call her head nurse then I'ma be the doctor
A real country mama cook grits and eggs
And she don't leave the farm except to get paid
Candice on twaps cause she love the ball
Find her at the nizzle on the dresses at the mall
Buyin, high heels or some leather boots
And lookin for them ballers wit the crazy loot, WHAT?!
