

# Master P, Who Want Some

[Chorus 4X: Master P]

Who said he want some  
Boy you don't want none  
We wile out in the club and that dum diddy dum dum

[Master P]

I like them girls but I don't fuck with them haters  
We in the club hella deep like the No Limit raiders  
And uh, I don't know what they told you boy  
But we the new No Limit fuckin' soldiers boy  
We got the club so rowdy and we 'bout that shit  
I done chilled for a minute now I'm back to making hits  
And I'm back to slanging Cris and put these little boys on the pine  
And I'm back to tear the club up and claim what's mine  
I'm the realest that you see, I'm the realest that you know  
We gonna party in this bitch till they shut down the doors  
Then, after the party it's the afterparty  
And if the girls get naughty it's the hotel lobby

[Chorus]

[Master P]

Now if you bout it, then say you bout it bout it  
If you came to act a fool then it's time to get rowdy (what)  
Represent your hood boy, we thug it like that  
It ain't where you from boy, it's where you at  
T-shirts and du-rags, and we don't give a fuck  
We came to this party to get this motherfucker buck  
We break bread, and wile out in the club  
If that ain't your girl tell her to show a nigga love  
And I don't give a fuck, represent where you at  
Them thugs in the front and them gangstas in the back  
Soldier rags in the air, raise up them tanks  
Three fuckin' mothers and them pass me the dranks (uhhh)
