

# Master, Re-entry & destruction

Nuclear war, Earth drops it's floor  
Bodies will pour  
Re-entry & destruction  
Soldiers don't fight  
Can't stop this fight  
No future in sight  
Re-entry & destruction  
As the worlds of hatred  
Passed between the two super powers  
Of the world  
Existing terms of peace, were broken  
Governmental leaders heard not the cries  
For peace  
Only the cries of their pride  
Screaming out for world-wide  
Recognition & glory  
World-wide panic spread through-out-the-world  
As the holocaust was unleashed  
Burning bodies cried out of pain  
As the nuclear war-heads crushed the Earth  
And everything surrounding it  
The Earth is destroyed  
The final fight, Satan's delight  
There's no light  
Re-entry & destruction  
Who knows whose wrong  
Survive will the strong  
Who knows how long before  
Re-entry & destruction
