Refrain:

Do you, do you, do you, do you wanna dance  
come along and dance with me

Rap 1

free, free you feel free  
come on now just follow me  
you, you it's all in you  
come on now just do it do  
I won't moan, I won't beg  
I just wanna see your moving legs  
move it like you want it to,  
move it now, just do it do  
let it all out of your mouth  
scream out loud from north to south  
you hear it all from east to west  
your bodies move tell which one's best  
don't talk that much just move around  
the music's hot, it's dancefloor-sound  
the party's going on in here  
the DJ's music's playing musci weird

Rap 2

Live your dreams and fantasy  
stay close to us, stay close to me  
this is what it's all about  
music hot weird and loud  
don't nedd no speeding drugs at all  
in spring in summer, autumn, fall  
it's music that is speeding you  
come on now, just do it do  
we'll give you kicks we'll give you breaks  
we give you everything it takes  
you'll feel lucky, you'll feel glad  
kick everything out that makes you feel bad  
come on come on, let's move it now,  
come on, come on we'll show you how  
round and round and round and round  
to the groove, to the sound
