

Mastercard, Merry Go Round

i can see it clearly, almost lost me nearly
e was such a mess
and I know but broke him
now I get my token to my freedom again
I say you yesterday, you look happier, I could see
so let's not be bitter about it
let us both be free

look at me
feet on the ground
won't ride on your merry go round
stepping off, I am leaving you behind
watch my back as I turn around
won't ride on your merry go round
stepping off, I am leaving you behind

now I am reaching higher
relighting my desire
for brighter days
you better catch 'em quickly
life moves past so swiftly
so just jump ahead

look at me
feet on the ground
won't ride on your merry go round
stepping off, I am leaving you behind
watch my back as I turn around
won't ride on your merry go round
on your merry go round

look at me
feet on the ground
I won't ride on your merry go round

look at me
feet on the ground
won't ride on your merry go round
stepping off, I am leaving you behind
watch my back as I turn around
won't ride on your merry go round
stepping off, I am leaving you behind
