

# Mastercastle, Platinum

Why you don't hear  
Don't you hear voice  
Letting/leaving all the flowers get dried

Why don't you look  
Don't you look in to my eyes  
Full of darkness and fire

Why don't you take  
Why don't you take my hand  
Into my arms you'll be safe  
And I'm here  
Singing to you  
Hard as a smile  
Passion flows quickly in to my veins  
I'm here  
Don't loose your time

I'm platinum  
Calling your name with/by a silent scream  
Why don't you see  
Don't you see my light  
Leaving all the trouble behind

Why don't you come  
Don't you come to me now  
Look the horizon too far  
Stop running round as a crazy wild ghost  
Life is lipstick on glass  
And I'm here  
Hard as a smile  
I seem so weak  
But I have light and resistance  
Look into my eyes  
I am platinum
