

# Mastodon, I Am Ahab

There's magic in the water that attracts all men  
Across hills and down streams  
The turning of the tide  
Outlook  
Future bright  
Selfish  
Beauty shines  
Light cloud rain drive on  
13 years to this day red planet aligned  
Into sight 60,000 years of light  
Fascination with a mountain put to sea  
Built to slay and conquer  
All with teeth of beasts
