

Mat Kearney, On And On

If tonight is your last train out of here
How you gonna run like that? How you gonna run like that?
If this one life, one love left here to share
How you gonna turn your back? How you gonna turn your back?
And I don't care if everyone knows what we're going through
'Cause all the roads lead back to you
On and on and on we pray, we can break into a brighter day
Nothing worth anything ever goes down easy
On and on and on we go, I don't understand this windy road
Nothing worth anything ever goes down easy
If there's one thing that I need to hear from you
Is how we gonna see this through, how we gonna see this through
If there's one thing that I know to be true
Is that I'm in love with you, is that I'm in love with you
And I don't care if everyone knows what we're going through
'Cause all the roads lead back to you
On and on and on we pray, we can break into a brighter day
Nothing worth anything ever goes down easy
On and on and on we go, I don't understand this windy road
Nothing worth anything ever goes down easy
And we'll keep on, keep on climbing on down this narrow line
So we can see the other side, the other side
On and on and on we pray, we can break into a brighter day
Nothing worth anything ever goes down easy
On and on and on we go, I don't understand this windy road
Nothing worth anything ever goes down easy, goes down easy
Goes down easy, goes down easy, goes down easy
