

# Mat Kearney, Wait

The wind hit my back, cold as I remember  
And caught me off guard, in the middle of December  
Sometimes a crowded room, can feel the most alone  
Sometimes I wonder why, I won't pick up the phone when

[bridge]

This wall is glaring and it's too high for me to climb  
I've ran and ran and now there's nothing left behind  
I see a picture of a broken man inside  
I've tried and tried and now there's nothing left but time

[chorus]

I'll wait for you, I'll wait for you alone  
And I'll wait for you, I'll wait for you alone  
Together we will fly tonight  
And leave all the rest behind  
I'll wait for you

These hands can feel like they're not even mine  
A tree and a nail and a cry in the night  
Sometimes a little step is the greatest divide  
Sometimes I feel your breath right at my side when

[bridge]

[chorus]

Here I am at the edge of the road  
One hand on the end of the rope  
One crack and it breaks alone  
Wondering who's gonna take me home  
On my knees when you call my bluff  
Begging please from the edge of the ruff  
And I know I've had enough, and I know it, and I know it

[bridge]

[chorus]

crbt2('Mat Kearney','Wait')
