

# Matchbook Romance, Shadows Like Statues

Lights out, put my seat back as far as it will go  
Casting shadows like statues I'm right outside your window  
There's no such thing as second chance  
There's no such thing, don't bother to explain

Your so beautiful, did you hear a word I said?  
Your so beautiful, I guess this is what I get

We trust and believe so easily  
And words they speak we seek security in one another  
But there's no way to cover this

And these tragic nights and afternoons wreak disaster  
And I can still feel you as if you were in the room  
Where does our story end? where does it start?  
I buried you along with my heart

Entertain me  
Tell me it didn't mean anything  
Its vengous worth my tolerance and I could be careless  
But I promise you'll feel everything

Your so beautiful, did you hear a word I said?  
(don't bother to explain) your so beautiful,(don't bother to explain) I guess this is what i get

We trust and believe so easily  
And words they speak we seek security in one another  
But there's no way to cover this

And these tragic nights and afternoons wreak disaster  
And I can still feel you as if you were in the room  
Where does our story end? where does it start?  
I buried you along with my heart

I guess this is what I get (I know)
