

# matchbox twenty, Could I Be You

Something is wrong  
With the sum of us  
That I can't seem to erase  
How can I be  
The only one  
Without a smile on my face

Well now, you're laughing out loud  
At just the thought of being alive  
And I was wondering  
Could I just be you tonight

You show your pain  
Like it really hurts  
And I can't even  
Start to feel mine

I'm standing in place  
With my head first  
And I shake, I shake  
And I see your progress stretched out for miles  
And miles

You're laughing out loud  
At just the thought of being alive  
And I was wondering  
Could I just be you tonight

This is the sound that I make  
These are the words I chose  
Somehow the right thing to say  
Just won't come out  
Just won't come out

And you're laughing out loud  
at the thought of being alive  
And I was wondering  
Could I just be you tonight

Yeah I was wondering  
Could I just be you tonight

Na na na na...

I was wondering  
And I was wondering...  
Baby I ...I was wondering...I was wondering  
Yeah
